

Induction Training for SHAPE Teaching Staff

Centre for Learning and Teaching

About the Programme

This 6-hour programme aims at providing new SHAPE teaching staff with a better understanding of the educational approach and issues related to learning and teaching of VTC's collaborative programmes.

Aims and Objectives

This programme aims to equip participants with the sufficient knowledge, skills and attitudes of undergraduate education. The programme objectives are as follows:

- be more attuned to VTC's philosophy about learning and teaching
- value oneself as a teacher and approach teaching in a professional and reflective way
- promote effective teaching performance
- provide a platform for new teachers to network and build support and commitment

Learning Outcomes

Upon completion of the programme, participants will be able to:

- describe the implications of OBTL and HKQF to learning and teaching
- identify suitable teaching practices to motivate and enhance student learning
- employ strategies and technology to enhance teaching effectiveness

Target Audience

The Induction Training for SHAPE Teaching Staff is a voluntary programme for all new SHAPE teaching staff with full-time or part-time teaching responsibilities of collaborative programmes.

Programme Structure

| Module | Topic |
|--------|-------|
|--------|-------|

| | |
|----------|--|
| 1 | Understanding Outcome-based Approach to Learning and Teaching |
|----------|--|

At the end of the module, participants will be able to:

- explain the use of outcome-based approach to learning and teaching to help students learn; and
- align learning and teaching approaches with OBTL and HKQF

| | |
|----------|---|
| 2 | Teaching and e-Learning in Undergraduate Education |
|----------|---|

At the end of the module, participants will be able to:

- align learning and teaching activities and assessment strategies with intended learning outcomes (ILOs); and
- select appropriate innovative teaching strategies to promote learning and teaching
